TRANSLATING RESEARCH INTO PRACTICE (TRIP) FELLOWSHIPS

ADVICE AND INSTRUCTIONS TO APPLICANTS

for funding commencing in 2015

Applications open on 26 February 2014 and close at 17:00 hrs (AEST) on 7 May 2014.

Late applications will not be accepted.

This document should be read in conjunction with the NHMRC Funding Rules and the TRIP Fellowships Funding Rules for funding commencing in 2015.

1. **Introduction**

This document should be read in conjunction with the:

1.1 **Overview**

The purpose of this document is to provide advice to applicants and Administering Institutions’ Research Administration Officers (RAOs) for the completion and submission of applications for NHMRC funding.

Applicants should read all instructions and other accompanying documentation, and consult with their own RAO or technical teams before contacting the NHMRC Research Help Centre (RHC) by email, help@nhmrc.gov.au or by phone on 1800 500 983 during business hours.

NHMRC’s RGMS must be used to access/enter an applicant’s *Profile and CV*, and submit an application for NHMRC funding.

Applicants who are not yet registered on RGMS can do so via the ‘New to RGMS?’ link on the RGMS login page ([http://rgms.nhmrc.gov.au](http://rgms.nhmrc.gov.au)) or obtain assistance by contacting the RHC at help@nhmrc.gov.au or on 1800 500 983.

All current NHMRC grant holders should use their existing login and password to access RGMS. The internet address for RGMS is: [www.rgms.nhmrc.gov.au](http://www.rgms.nhmrc.gov.au)

A complete application must consist of the following:

1. Complete RGMS Profile (refer to scheme specific requirements for completion within RGMS CV),
2. Completion of all questions in Part A and B of the application form, and
3. Uploaded documents such as the Grant Proposal PDF as required by individual schemes.

To assist with minimising file sizes, it is recommended that any documents needing to be scanned are done at low resolution.

For all sections of an NHMRC application, applicants must not include links to additional information on an external website, apart from references to published or peer reviewed journal articles that are only available online.
1.2 Key Changes to the application form

NHMRC aims to continuously improve its grant application and assessment (peer review) processes. For upcoming grant application rounds, applicants will need to supply less information compared to previous years. Details are provided below.

Data that is no longer required in Part A of the application includes:
- Media summary
  - A Plain English Summary will now be required only after award of grant for successful applications. However, applicants are required to provide their synopsis in laypersons’ terms (see section 4.1 for further details).
- Intended NHMRC Funding Requests
- Intended OTHER Funding Requests
- Indigenous related questions
  - to be addressed in the grant proposal, if applicable
- Institutions access
- National Health Priorities
- National Research Priorities
- Socio-economic Objectives
- Community Details
  - to be addressed in the grant proposal, if applicable
- Ethics – based questions
  - Data will now be required only after award of grant for successful applications.

Other changes to Part A
- **Synopsis**: Applicants are required to provide their synopsis in laypersons’ terms.
- **Actual Institution**: is now known as Participating Institution.

1.3 Planning your Application

Planning, preparing and submitting your application with plenty of time is highly recommended when you are applying for one of NHMRC’s highly competitive funding rounds.

It is recommended that you contact your RAO early in the application process. Your RAO can help guide you through the process and will advise you of any institutional deadlines or requirements you must meet.

While completing your application, it is important to keep in mind the assessment criteria and category/scoring descriptors that assessors will use to evaluate applications. Please read these carefully and note any content you should include in your application.

Plan a realistic timeline for completion of your application to ensure applications are submitted to your RAO on or ahead of time.

1.4 Compliance Requirements

**Naming and Formatting of PDF Documents**
- All documents to be uploaded must be in PDF format.
- Each PDF file must not exceed 2 Mb in size.
• PDF files must be named using the following convention:
  APPID_Applicant’s Surname_Document Type/Name.pdf
  e.g. ‘Grant Proposal’ PDF: APP1234567_Smith_Grant Proposal.pdf.
• Applicants are advised to retain a copy of each PDF file they submit.

The formatting requirements for PDFs as listed in Table 1 must be strictly adhered to. A preformatted Microsoft Word template must be downloaded from each funding scheme’s webpage (www.nhmrc.gov.au/grants/apply-funding) to assist with meeting these requirements. Applications that do not meet these requirements may be excluded from assessment.

### Table 1: PDF formatting requirements

<table>
<thead>
<tr>
<th>Component</th>
<th>Requirements</th>
</tr>
</thead>
</table>
| Header                     | • Application ID and Applicant surname must be included in top right corner.  
  • Title of the page (e.g. Grant Proposal) must be included in the top left corner.  
  • The header is allowed outside the margin rules but must be at least 1cm from the top of the page. |
| Footer                     | • Page number must be included at the bottom right corner.  
  • The footer is allowed outside the margin rules but must be at least 1cm from the bottom of the page. |
| Margins                    | • All margins must be at least 2cm.                                                                                                           |
| Font                       | • Must be Times New Roman.  
  • At least 12 point.                                                                                                                                  |
| Line Spacing               | • Line spacing must be set to single.                                                                                                           |
| Character Spacing          | • Character spacing must be set to normal.  
  • Scale must be set to 100%.                                                                                                                           |
| Diagrams, Graphics and Images | • Colour diagrams, graphics and images may be included. However, you should keep in mind that the electronic file may be printed in black and white by the reviewing panel and there may be some loss of definition and colour in the images. |
| Labelling Graphs and Images | • Labelling of graphs and images may be in a reduced font.  
  • Description and/or legends of all graphs and images must be no smaller than 12 point Times New Roman. |
| Tables                     | • Tabulated information containing text is not considered to be an image or diagram. Therefore, text within tables must be no smaller than 12 point Times New Roman. |

To assist with minimising file sizes, it is recommended that any documents needing to be scanned are done at low resolution.

For all sections in the application, applicants must not include links to additional information on an external website, apart from references to published or peer reviewed journal articles that are only available online.

**Any application that contains disallowed web links will be deemed ineligible and will be removed from the assessment process.**
1.5 Offline forms

Protected offline PDF forms (offline forms) for each scheme’s application have been provided for your convenience. You can use these forms to fill out your application offline and then ‘copy’ and ‘paste’ the text from the form into RGMS.

The forms can be found on each funding scheme’s webpage (www.nhmrc.gov.au/grants/apply-funding).

Note:
- These templates are provided as an aid only. They cannot be completed and emailed to NHMRC. All applications must be submitted through RGMS.
- Applicants choosing to use the available forms should note the discrepancy between Microsoft Word character counter and the character counting within RGMS. To aid you in conforming to RGMS character limits, the following URL has been provided as a guide: www.webworldindex.com/countcharacters.htm

1.6 Profile and CV

It is essential that your Profile and CV are kept up to date. Relevant information from your Profile and CV will be imported into snapshots of your application.

Applicants will not be able to initiate or be added to an application if all mandatory fields in the RGMS profile have not been completed.

Advice on completing the Profile and CV components of RGMS is available in this document.

1.7 Referencing Publications

Each publication entered into your CV will be given an identification number by RGMS to assist you in referring to your publications. Applicants should use this number when referring to specific publications in their application, particularly in text boxes where characters are limited.

Please do not use the Sequence Number as this will change upon the addition of new publications and/or publication uploads.

1.8 Viewing or printing your application

The ‘Snapshot Reports’ function provides two types of snapshots:
- a ‘Summary’ Snapshot (used for the assignment of applications to peer review panels and assessors, and identification of conflicts of interest); and
- an ‘Application Details’ Snapshot (used by applicants and RAOs to review applications before submission).

For instructions on how to run and view a Snapshot Report, applicants should refer to the ‘RGMS User Guide – Applying for Grants’ on the NHMRC website. Snapshots are viewed in the ‘Snapshot Reports’ tab at the top of the RGMS application screen.

Uploaded documents can also be accessed via the ‘Snapshot Reports’ tab. This will allow users to print or view a document version of their application (either in part or in full).
2. Profile and CV Requirements for TRIP Fellowships

When completing your application, please ensure that all required sections of your Profile and CV have been entered in and updated appropriately. Profile and CV information forms a critical part of applications, is crucial to identifying reviewers, and enables quick and accurate assignment to peer review panels. Information of particular importance is indicated by a red asterisk in RGMS such as ‘title’, ‘institution’ and ‘research keywords’.

Creating core fields is required of all investigators before creating or being included on an application.

You can update your Profile and CV at any time, even while completing a grant application. Please note that when the application is certified, the final snapshot (which includes the relevant extracted information from the Profile and CV) is made and the application is locked down – thus, any subsequent changes to your Profile and CV do not appear in the application.

Below are the sections of the Profile and CV that need to be complete to ensure that all details required for your TRIP Fellowship application are extracted.

<table>

Other Research Funding | Last 5 Years
Publications | All
Workload | Current Workload

Note: The Profile and CV is **SEPARATE** to your grant application. While there may be some overlap of certain information, it is your responsibility to ensure that information specific to your application that may be captured in the Profile and CV is included in the relevant parts of the application itself.

**PROFILE SECTION**

All NHMRC funding schemes require RGMS Profile sections to be completed.

### 2.1 Pro-PD: Personal Details

**Peer Review**

Peer Review is an integral part of NHMRC funding schemes. NHMRC grant recipients have obligations to contribute to the assessment of applications (as outlined in the funding agreement).

Select the tick box(s) to nominate your peer review preference and funding status, noting that you may be approached in areas other than your preference. You can nominate yourself for consideration to be included with the peer review of a specific scheme and round in Pro-PN: Panel Nominations and Invitations.

Select from the drop down list the statement that best describes your funding recipient status. If you are not available for participation in peer review, you can provide details at Pro-PU.

**Personal Details**

Please provide your most recent details in this section. It is important that your title, name, phone and email details are up to date as these are the details the NHMRC relies on when contact is required.

### 2.2 Pro-PN: Panel Nominations and Invitations

To indicate your availability and preference for peer review participation with a specific NHMRC funding scheme:

a. click ‘New’;
b. select your preferred NHMRC funding scheme (*Initiative*);
c. select ‘Nomination for panel member’ from the drop down list at **Response Type and Closing Date**; and
d. select ‘Yes’ from the drop down list to submit **Nomination for GRP Membership**.

These nominations will be considered when selecting panel members and assessors for NHMRC funding schemes.

### 2.3 Pro-PU: Peer Review Unavailability

If you have indicated in the Funding recipient status field (Pro-PD: Personal Details) that you are unavailable for any period for participation in NHMRC peer review, please select the start and end
dates of your unavailability and enter in the free text field, a brief statement detailing your reason for
your unavailability.

2.4  Pro-A: Address

Please enter your primary (administering) institution. If you are affiliated with other institutions,
please enter these under additional institutions.

Please provide details of your preferred mailing address, this will be the address used if the NHMRC
needs to contact you via the postal service. Home addresses are acceptable.

2.5  Pro-RE: Research Interests

It is important for this information to be as accurate as possible as it may be used to assist the Peer
Review Process in identifying potential panel members, external assessors or committee members,
and may also be used for analyses of NHMRC’s funding profile.

Select from the drop down menu, a Broad Research Area and up to 10 Research Keywords most
applicable to your main area of research. Provide at least one, and up to three, keywords to describe
your core research methodologies or methodological expertise (e.g. clinical trials, knockout mice,
gene therapy etc).

You may also provide any other additional information and details of your research expertise or
interests. This can include your research methodologies, student supervision and key publications.
(maximum of 2000 characters including spaces and line breaks).

For the purpose of NHMRC Peer Review, you have the opportunity to indicate your Preferred
Research Area for your application in A-RC: Research Classification (refer to subsection 4.3).

2.6  Pro-FR: Fields of Research

Click ‘New’ to start a new entry for each Fields of Research relevant to your career. You should
indicate when you started research in that field and whether the research is current.

CV SECTION

TRIP Fellowships requires applicants to complete the sections of the CV outlined in the table above.

2.7  CV-QAP: Qualifications, Awards and Prizes

Click ‘New’, to start a new entry for each qualification, award and prize you have received. Select
the appropriate type and click ‘save’. You will then be taken to a page where you can enter
additional details of your qualifications, awards and prizes.

Your Qualifications will be presented to assessors separately from your Awards and Prizes and both
listings will appear in chronological order.

Generally, an award is recognition of an achievement with no associated remuneration whereas a
Prize is recognition of an achievement, with a form of remuneration.

Note: Any paid Fellowship or Scholarship should appear under either CV-RF: NHMRC Research
Funding or CV-ORF: Other Research Funding. Unpaid Fellowships should be entered under this
section as an Award or under CV-A: Appointments.
### 2.8 CV-EH: Employment History

Click ‘New’ to start a new entry for each employment position. Fill out the relevant details about the employer, job title, employment type and the start and end date (if applicable). Also part-time positions should be included. Your entries will be listed in reverse chronological order (i.e. the most recent first).

TRIP Fellowship applications require information on your employment history for the last five years.

### 2.9 CV-A: Appointments

Click ‘New’ to start a new entry for any current and/or previous appointments. Include any honorary appointments, government appointments, boards, committees, university, institute and professional responsibilities. Do not include employment in this section.

TRIP Fellowship applications require information on your appointments for the last five years.

### 2.10 CV-CD: Career Disruption

The NHMRC is committed to ensuring that every applicant is treated fairly, and this means that we recognise that some candidates will have had career disruptions that should be considered when evaluating their track record. We recognise the following reasons for career disruption: pregnancy; major illness; and carer responsibilities including parental leave. All career disruptions will be reviewed to ensure they meet policy guidelines. For further details on what constitutes a career disruption, please refer to [www.nhmrc.gov.au/book/nhmrc-funding-rules/section-nhmrc-funding-rules/a3-submitting-application](http://www.nhmrc.gov.au/book/nhmrc-funding-rules/section-nhmrc-funding-rules/a3-submitting-application)

It is critical that you use this opportunity to declare any career disruptions - periods of ‘reduced or no productivity’ - that may be relevant to your most recent five year research career history. The assessment of your track record can then be assessed objectively taking all the relevant factors into account.

You must clearly outline the duration and impact the career disruption had on your productivity within the last five years. This will ensure that the appropriate amount of time is added to your track record for consideration by peer reviewers.

For example, if in the last five years you have taken six months of maternity/carers leave and then returned to work at 0.5 Full Time Equivalent (FTE) for three years before resuming at a full-time level, you will have worked an equivalent of three years FTE over the past five years (see table). You should therefore add any publications or other components of your Track Record that you want peer reviewers to consider predating five years by two years (see below for further details on how to capture this in your application).

<table>
<thead>
<tr>
<th>Work status over past 5 years</th>
<th>Effective Full Time Equivalent (FTE) (years)</th>
</tr>
</thead>
<tbody>
<tr>
<td>0.5 years maternity leave (6 months)</td>
<td>0</td>
</tr>
<tr>
<td>0.5 FTE for 3 years</td>
<td>1.5</td>
</tr>
<tr>
<td>1.5 years full time</td>
<td>1.5</td>
</tr>
<tr>
<td><strong>TOTAL in past 5 years</strong></td>
<td><strong>3</strong></td>
</tr>
</tbody>
</table>
From the drop down list select the type of Career Disruption.

In the free text box, ‘Explanation’, you must provide details of any career disruption that occurred in the last five years, you should:

a. provide a 100-150 word summary of the career disruption/s that will be read out by the spokesperson prior to discussion of your application;

b. explain the career disruption/s in more detail (if needed), including the impact on your research output/productivity;

c. provide details of additional research outputs (those that occurred in the relevant preceding years) that you want the reviewers to consider when assessing your application; and

d. if applicable, indicate any national or international conferences where you were invited to give a major presentation, or other significant invitations (e.g., to join an editorial board of a major journal, or write a major review), and were not able to do so because of considerations associated with the career disruption.

(maximum of 2000 characters including spaces and line breaks).

If the career disruption is of a highly sensitive nature and you do not wish to share this information in your application, details of the nature of the career disruption may be submitted separately to NHMRC (one A4 page only). For example: an applicant may consider their medical condition to be of a personal nature and therefore may wish to submit their career disruption claim separately.

Applicants wishing to submit the document separately should:

a. indicate in their application (CV-CD) that they wish to make a claim under the career disruption provisions and that it is of a sensitive or private nature;

b. include details of the outputs that relate to the career disruption period claimed in your application. The extra one page must only be used for the purposes of providing details of additional research outputs (those that occurred in the relevant preceding years) that you want the reviewers to consider when assessing your application and must comply with all formatting rules (see section 1.4); and

c. provide details of the nature of the career disruption in a separate PDF document to NHMRC in–confidence to email address: career.disruptions@nhmrc.gov.au Attn: TRIP Fellowships, by 5.00pm 7 May 2014. The separate PDF must not exceed one A4 page in length.

2.11 CV-PM: Professional Memberships

Click ‘New’ to start a new entry for any current or previous professional memberships and/or registrations you hold. You will need to provide the organisation name and the start and end dates of the membership. Please tick the box to indicate if the membership is current.

2.12 CV-CP: Conference Participation

Click ‘New’ to start a new entry for any speaking invitations you have completed. You should provide details such as conference title, country, your speaker role at the conference and the year the conference took place. Entries will be listed in reverse chronological order (i.e. the most recent first).

TRIP Fellowship applications require information on your conference participation for the last five years.
2.13 CV-CE: Community Engagement and Participation

Click ‘New’ to start a new entry for any community engagement that you have been involved in.

**Note:** the Assessor Snapshot Report will only migrate information from the last five years. In entering dates for ‘Community Engagement’ and ‘Editorial Responsibilities’ in the CV, applicants need to provide a start date that is appropriate to the CV requirements for this scheme, otherwise the information will not appear in the ‘Assessor’ Snapshot.

You may wish to consult the *Statement on Consumer and Community Participation in Health and Medical Research* which has been developed to recognise the contribution that consumers can make to health and medical research and their right to do so.

2.14 CV-P: Patents

Click ‘New’ to start a new entry for any patents for which you contributed more than 20% of the development effort. Entries will be listed in reverse chronological order (i.e. the most recent first). You will need to create separate entries for each patent by clicking the ‘New’ button.

**General**

Please provide details of the patent number and select the country awarding the patent from the Patent Office drop down list. You will need to select the year in which the patent started, and indicate the patent’s current status. You should provide details of the named inventors of the patent in the free text box.

**Funding Source for Research**

In the provided tick boxes, indicate if the funding source was NHMRC, Other Australian or International.

**Detail**

Please provide a brief description of the patent, i.e. the technology.

*maximum of 500 characters including spaces and line breaks.*

Please also provide details on the applicability and/or the impact of the patent.

*maximum of 500 characters including spaces and line breaks.*

2.15 CV-TPP: Translation into Policy/Practice

TRIP Fellowships require information detailing any research that has resulted in changes to organisational or government policy/practice in the last five years. Click ‘New’ to start a new entry for any activities which have resulted in research translation, entries will be listed in reverse chronological order (i.e. the most recent first).

**Note:** the five year period will be based on the date of translation (year of change), NOT the date of the original research.

**General**

Select from the drop down list if the research was translated into Policy or Practice and indicate the year of the research results from the drop down list.

You should provide details on the research and resulting outcomes clearly indicating your role.
(maximum of 1500 characters including spaces and line breaks).

**Funding Source**

Select from the tick boxes if the research was funded by NHMRC, Other Australian or an International source.

**Detail**

Please provide details of the organisation, government department etc. that the research translation affected. Indicate the year the change was translated/implemented and provide details of the changes which resulted.

(maximum of 1500 characters including spaces and line breaks).

You can also provide details on what outcomes have occurred if known – this is optional.

(maximum of 1500 characters including spaces and line breaks).

**2.16 CV-CN: Contribution to NHMRC**

Click ‘New’ to start a new entry to indicate the number of times you have participated in a NHMRC Peer Review Panel and/or a NHMRC Grant Advisory Group over the last five years. Please provide details of your role, the year of participation and in the situation of external assessments, the number of assessments that you have provided.

**2.17 CV-JR: Editorial Responsibilities**

Click ‘New’ to start a new entry of your journal and editorial peer review involvement. Entries will be listed in reverse chronological order (i.e. most recent first).

**Note:** the Assessor Snapshot Report will only migrate information for the last five years for TRIP Fellowships.’ In entering dates for ‘Editorial Responsibilities’ in the CV, applicants need to provide a start date that is appropriate to the CV requirements for this scheme, otherwise the information will not appear in the ‘Assessor’ Snapshot.

**2.18 CV-SM: Supervision and Mentoring**

Details relating to TRIP Fellowship applicant’s supervision and mentoring record will be captured in Part B of the application.

Information provided in this section will not be presented to assessors for TRIP Fellowship applications.

**2.19 CV-RF: NHMRC Research Funding**

Click ‘New’ to start a new entry of any previous and/or current NHMRC funding, including offers received for future funding. Entries will be listed in reverse chronological order (i.e. the most recent first).

Try to provide sufficient details about the funding to make clear what the funding is intended for or what you achieved and your role within these grants. TRIP Fellowship applications require this information for the last five years.

**Note:** You are strongly advised to ensure that your role is clearly defined on each grant, so that assessors can readily identify your contribution to the grant.
2.20 CV-ORF: Other Research Funding

Click ‘New’ to start a new entry of any previous and/or current funding from sources other than NHMRC, including offers received for future funding. Entries will be listed in reverse chronological order (i.e. the most recent first). Please provide as many details as you can in the spaces provided.

TRIP Fellowship applications require information on your Other Research Funding for the last five years.

**Note:** You are strongly advised to ensure that your role is clearly defined on each grant, so that assessors can readily identify your contribution to the grant.

2.21 CV-Pub: Publications

This information can be uploaded using a tab delimited file using Microsoft Excel® or by exporting your EndNote® Library as an .xml file. Further details on how to do this can be found on the CV-PU: Publication Uploads page in RGMS.

Your publications will be grouped together by the type of publication and then listed in reverse chronological order. They will also automatically be given an RGMS ID number. Please use this number if you wish to refer to your publications in other sections of your application.

**Note:** DO NOT use the sequence number when referring to your publications in other areas of the application as this number will change if you upload more publications whereas the RGMS ID for each publication will not.

2.22 CV-W: Workload

When filling out your workload as part of the CV section in RGMS, please bear in mind that this is your CURRENT workload and does not include any intended changes in your division of hours/week, should your grant application be successful.

Please provide your hours/week for your Teaching Load, Clinical Load, NHMRC Research Load, Other Research Load and any Administrative Responsibilities you may have currently.
3. Starting a New Application

3.1 Starting a new application (“Create Application” Screen)

A complete TRIP Fellowship Application must consist of the following:

1. The relevant information in your RGMS Profile and CV;
2. Completion of Parts A and B of the RGMS application form where indicated;
3. The uploaded PDF document containing your Employing Institution’s Statement of Support (uploaded to B-EI: Eligibility Information);
4. The uploaded PDF document containing your translation Grant Proposal (uploaded to: B-GP: Grant Project);

Initiative

The initiative to select for TRIP Fellowships is ‘TRIP Fellowships’.

Round

The round to select for TRIP Fellowships is ‘2014_TRIP_Fellowship_funding commencing_2015’.

Application Identification Number (RGMS ID)

Each application will have its own unique Application Identification Number (Application ID) which is system generated. Please use this ID number (e.g. APP123456) to identify your application in any correspondence when referring to your application.

Administering Institution

While there may be instances where a TRIP Fellowship is carried out in more than one location, there can be only one Administering Institution for each grant. You must ensure that the institution you intend to choose as your Administering Institution is the correct institution for your application. If in doubt contact the Research Administration Officer at your proposed Administering Institution to confirm its status as an NHMRC Administering Institution and ensure it has the facilities to administer your application. Any enquiries regarding applications or the administration of NHMRC grants should be directed first to your RAO.

Application Title

The application title will be used to identify the application at all times during the assessment process and should accurately describe the nature of the grant proposal.

(maximum of 250 characters, including spaces and line breaks.)

Grant Duration (years)

Select two years for a TRIP Fellowship.

RAO Edit Access

If you wish to allow your RAO to have edit rights to your application, you should select ‘Yes’ in the RAO Edit Access field. NHMRC provides this functionality to support researchers and RAOs in managing the application process. NHMRC does not accept any responsibility for errors or omissions arising from the
use of the RAO edit function and strongly recommend that the RAO, CIA and Administering Institution discuss the management of RAO edit access before selecting this function.

**Minimum RGMS Profile Data Entered?**

If particular ‘core’ fields within your RGMS Profile are incomplete, you will be prevented from creating an application until you have entered information into these fields.

Only once you have entered the required Profile information and the ‘Minimum RGMS Profile Data Entered?’ this field displays ‘Yes’ will you be able to ‘Save’ this page and create your application.

*Once all the fields above are complete – click ‘Save’ and then go to the ‘Detail’ tab.*
4. **Part A – Application Details**

4.1 **A-PA: Part A Home**

**Application ID, Initiative, Round, Administering Institution, Application Title and Grant Duration**

These fields will be pre-populated from your selections in the “Create Application” screen.

**Aboriginal and Torres Strait Islander Research**

This question enables you to identify research that is specifically motivated by a desire to investigate Aboriginal and/or Torres Strait Islander health issues. It is also designed to enable NHMRC to identify those research proposals that will require assessment of the proposed research against the *Criteria for Health and Medical Research of Indigenous Australians* (The Indigenous Criteria, see below).

Research proposals that specifically relate to the health of Aboriginal and/or Torres Strait Islander peoples must address the following guidelines:

III. The *NHMRC Road Map II: A strategic framework for improving the health of Aboriginal and Torres Strait Islander people through research* available at [www.nhmrc.gov.au/your_health/indigenous/index.htm#Road_Map_II](http://www.nhmrc.gov.au/your_health/indigenous/index.htm#Road_Map_II).

**Q: Does this research proposal include Aboriginal and/or Torres Strait Islander health research and/or capacity building?**

You should only select YES if you can demonstrate that at least 20% of your research effort and/or capacity building relates to Aboriginal and/or Torres Strait Islander health.

If you have answered “Yes” to this question, your application may be assessed against The Indigenous Criteria.

**Synopsis**

The synopsis should accurately, and briefly, summarise the research proposal. This information may be used to assign applications to Peer Review Panels (PRP) and assessors. It may also be used by other organisations (if applicable) to determine whether the research proposal meets their priorities for funding. Applicants are therefore encouraged to use laypersons’ terms where possible.

*(maximum of 2000 characters including spaces and line breaks.)*
Privacy Notice

Please ensure that you have carefully read and understood the NHMRC Privacy Notice, prior to completing the application. The Privacy Notice is located in the Funding Rules. If you have not understood the Privacy Notice or require further clarification, please contact the NHMRC Privacy Contact Officer (NHMRC, GPO Box 1421, Canberra ACT 2601).

Consent to provide information to International Assessors

Under amendments to the Privacy Act 1988 that take effect in March 2014, the NHMRC requires your consent when sending your personal information overseas, for the purposes of peer-review of applications.

4.2 A-Plnst: Institutions - Participating

**Note:** the term ‘Actual Institution’ has now been replaced with ‘Participating Institution’.

In some cases the institution that will administer your application may differ from the institution in which you will actually conduct the proposed research. For example, many universities administer research, which will be conducted in an affiliated teaching hospital. In this section you will need to list the Participating Institution and department where the proposed research will be conducted.

**Note:** If the research will be conducted at more than one institution, enter the percentage allocated to each Participating Institution and department to reflect the sharing of the research effort among the institutions that you have listed. The percentages entered must total 100%. Complete this page for each institution if there is more than one. If the Participating Institution does not appear in the list please contact the RHC (help@nhmrc.gov.au).

*maximum of 100 characters including spaces and line breaks*

4.3 A-RC: Research Classification

The Research Areas, Fields of Research and Keywords will be used in the peer review process to assist with the allocation of your application to the most relevant PRP and with the selection of appropriate expert peer reviewers for your application. It may also be used for analyses of NHMRC’s Funding Profile.

You must make the selections that best describe your research proposal against each of the following fields:

- **Guide to Peer-Review Areas** – Choose at least one (up to three) selection from the list.
- **Broad Research Area**
- **Fields of Research (FoR)**
- **Fields of Research Subcategory**
- **Research Keywords/Phrases**

When completing this section, refer to the relevant Guide to Peer Review Areas for the scheme to which you are applying for funding. Relevant documents can be found at the following web address [www.nhmrc.gov.au/files_nhmrc/file/grants/apply/projects/guide_to_peer_review_areas_updated_for_2014_131101.pdf](http://www.nhmrc.gov.au/files_nhmrc/file/grants/apply/projects/guide_to_peer_review_areas_updated_for_2014_131101.pdf)

You should also refer to the Australian Standard Research Classifications and NHMRC Research Keywords and Phrases. This information is available at [www.nhmrc.gov.au/grants/policy/keywords.htm](http://www.nhmrc.gov.au/grants/policy/keywords.htm)
4.4 A–BoD: Burden of Disease

Use the ‘Browse’ button to select a Burden of Disease that best describes the area of research of the application. You can select up to three Burden of Disease types and you must allocate a percentage of time against each. The percentage total must not exceed 100%.

4.5 A-RT: Research Team and Commitment

This section is not applicable to NHMRC Postgraduate Scholarships or Fellowships schemes.

Information entered in this section will not be presented to assessors for TRIP Fellowships.

4.6 A-EG: Ethics General

If you answer “Yes” to any of these questions, the NHMRC will require ethics approvals to be supplied in the event of your application is funded. Further information on ethics clearances can be found here [www.nhmrc.gov.au/grants/policy/research-ethics-committee-and-regulatory-approvals-clearance](http://www.nhmrc.gov.au/grants/policy/research-ethics-committee-and-regulatory-approvals-clearance)
5. Part B – Application Details

Part B of the application is specific to TRIP Fellowships.

All applicants will be assessed and ranked against the TRIP Fellowships assessment criteria. All criteria are assessed relative to opportunity (refer to the TRIP Fellowships Funding Rules, Subsection 6.1 Qualifications and, NHMRC Funding Rules, Subsections A3.7, Relative to Opportunity and A3.7.1 Career Disruption).

Applicants should also consult the TRIP Fellowships Statement of Expectations (Attachment B and Scoring Descriptors (Attachment A) in the TRIP Fellowships Funding Rules, when completing these sections.

5.1 Part B Home

General

RGMS will automatically populate the round with the funding scheme you are applying to.

5.2. B–EI: Eligibility Information

Health Care Profession

Fellowships are available to health care professionals, health care personnel and policy makers to undertake projects focused on making changes to their local health practices, or to implement changes at the policy and/or systems levels.

From the drop-down list, select your health care profession. If your profession is not listed, select ‘Other’ and use the free text box to identify the health care profession.

Tertiary Qualifications

You are not required to re-enter your qualifications. These details will be drawn from your CV (section C-QAP). In the free text box provided, describe how the qualifications you hold meet the minimum requirements of this application.

Applicants must hold, as a minimum, a relevant Bachelor’s degree or equivalent tertiary qualification. Note: it is not a requirement for applicants to hold a PhD or Masters Degree (or equivalent), nor to undertake one during the Fellowship. However, if successful, the applicant must defer their PhD study during the tenure of the Fellowship. (Refer to the TRIP Funding Rules, Section 2 Who Should Apply for a TRIP Fellowship and Section 6 Eligibility, Subsection 6.1 Qualifications).

Employing Institution

In accordance with the NHMRC Funding Rules applicants must be employed in healthcare agencies, appropriately accredited private healthcare practices, health research institutes, or universities and engaged in clinical practice, health service management, health research or health policy. TRIP Fellows are expected to spend 0.5 FTE on the translation project, training and other components of the Fellowship. The Fellow’s employing institute must fund the balance of the Fellow’s time.

---

1 “A policy maker in the context of the TRIP Fellowship is defined as someone who contributes significantly to the development of a policy or policy decisions. The person must also be actively implementing or contributing significantly to the implementation of policy into practice”
Applicants must provide a statement of support from their employing institution or statement if you are self-employed in private health care practice confirming:

- the applicant holds (or has been offered) a funded position in clinical practice, health service management, health research or health policy;
- the Full Time Equivalent (FTE) of this position; and
- an undertaking that this employer will release the applicant to conduct the Translation Project and professional development training associated with this TRIP Fellowship.

Letter(s) must be provided on the employer(s) official letterhead and signed by the appropriate delegate.

**Note:** If the applicant has more than one employing health care authority, the statements of support should be combined into one PDF document.

The statement/s of support must be uploaded as a single PDF file using the following naming convention:

[APPID#]_[Applicant’s Surname]_Employing Health Care Authority Statement of Support.pdf

**NHMRC will not assess an application for a TRIP Fellowship without a statement of support.**

### 5.3. B-AEST: Application Executive Summary (TRIP)

The Application Executive Summary provides an opportunity to highlight the most compelling evidence in support of your application. In this section you should outline your case for appointment as a TRIP Fellow, **NOT** your project plan, as this is to be addressed in your ‘Grant Proposal’.

Applicants should also provide a brief plain-language description of the gap between evidence and practice that you wish to address.

*(You have a maximum of 4000 characters, including spaces and line breaks to provide this information).*

### 5.4. B-GP: Grant Proposal

Using the Grant Proposal Template (refer to section 1.4 Compliance Requirements) provide a proposal focussed on translating evidence into health care, health system, health policy and/or public health improvements.

**Note:** The project must be focused on implementing interventions where there is already robust existing research known to be effective in routine clinical/public health practice or policy however not applied well in practice. The projects focusing on data collection will **not** be supported. It should also be of scope that will enable it to be completed within the two-year Fellowship tenure.

The proposal should address the following questions:

1. Provide a description of the gap between evidence and practice that you wish to address.

2. Include justification of the evidence-practice gap (i.e. robust existing research) and explain why it is important to address this gap.

3. Describe what will be implemented as part of your proposal.

4. Describe how you propose to implement the intervention (based on the literature of what has or has not been shown to work in the past).

5. Define the group/s whose behaviour the intervention seeks to change, and describe how the group/s will be engaged in the process.
6. Describe the methods you will use to monitor the effect your project is having on closing the
nominated evidence-practice gap (e.g. time series analysis, qualitative methodology).

7. Describe how you will know whether the project has contributed to closing the nominated
evidence-practice gap.

8. Describe how you plan to disseminate the results of your work.

9. What new knowledge and skills will this project provide to enhance your potential as a leader in
your field of expertise?

10. Please outline any additional resources you have secured, or will need to secure, and how you will
obtain them (e.g. from Administering Institution, Participating Institution, a larger project, other
funding sources, in-kind support).

References
Please include a list of references used in this application.

References must:
- be in an appropriate standard journal format;
- authors listed in the order in which they appear in PubMed;
- not include web links;
- only include references to cited work.

(You have a maximum of seven pages for the Grant Proposal including references. If applicable, an
additional two pages to address the Indigenous Criteria and an additional page to address career
disruption).

If your research includes Aboriginal or Torres Strait Islander Health research and answered ‘Yes’ at
A-PA: Part A Home you have a maximum of two additional pages to address the Criteria for Health and
Medical Research of Indigenous Australians (refer to TRIP Fellowship Peer Review Guidelines,
Attachment A).

Additional details of any career disruption that occurred in the last five years should be included in this
section. You have one additional A4 page in which to provide this information.

The extra one page must only be used to:

a. provide a 100-150 word summary of the career disruption/s that will be read out by the
spokesperson prior to discussion of each application;

b. explain the career disruption/s in more detail (if needed);

c. provide details of additional research outputs (those that occurred in the relevant preceding years)
that you want the reviewers to consider when assessing your application (refer to example in
subsection 5.4); and

d. if applicable, indicate any national or international conferences where you were invited to give a
major presentation, or other significant invitations (e.g., to join an editorial board of a major
journal, or write a major review), and were not able to do so because of considerations associated
with the career disruption.
The Grant Proposal must be uploaded as a single PDF file using the following naming convention:
[APPID#]_[Applicant's Surname]_Grant Proposal.pdf

5.5. B–RTO: Research Translation Output

In the space provided, comment on up to four of your most significant publications, papers, reports and other contributions in the last five years that demonstrate the quality of your research translation output. The reason for including these should be outlined.

Note: NHMRC no longer uses the impact factor of journals as a part of its assessment processes. Therefore, the impact factor of each publication should not be included.

Further explanation of the NHMRC’s decision to cease using impact factors of journals can be found at http://www.nhmrc.gov.au/_files_nhmrc/file/about/senior_staff/articles/journal_impact_factors.pdf

(You have a maximum of 2000 characters, including spaces and line breaks to provide this information).

5.6. B-RTL: Research Translation Leadership

Provide details of your success in building your profile as a leader in research translation. Highlight your leadership in terms of your commitment and broader contributions to the discipline, including peer review activities and involvement in professional societies, relative to opportunity.

Things you may wish to emphasise could include the role you have in your immediate team, and briefly, any other teams or collaborations you are or have been involved with. You may include references to your national and international profile and conference participation.

Specific details relating to your publications and conference participation will be drawn from your CV; any information provided in this section should be a summary of your key recognitions and achievements in research translation and not a repeat of details from your CV. This will be included in the ‘Assessor Snapshot Report’.

(You have a maximum of 2000 characters, including spaces and line breaks to provide this information).

5.7. B–COL: Collaborations

Collaborations – Past

Provide details of past collaborations, including your role and any resulting outcomes (e.g. publications, patents, translation into policy or practice, primary health care).

(You have a maximum of 2000 characters including spaces and line breaks to provide this information).

Collaborations – Current

Provide details of current collaborations, including your role and any resulting outcomes (e.g. publications, patents, translation into policy or practice, primary health care).

(You have a maximum of 2000 characters including spaces and line breaks to provide this information).
5.8. **B-SM: Supervision and Mentoring (TRIP)**

Highlight your contribution to research translation through teaching, supervision and mentoring, including any notable positions and/or achievements that have arisen from your supervision and mentoring activities.

*(You have a maximum of 2000 characters including spaces and line breaks to provide this information).*

5.9. **B-SMS: Supervision and Mentoring Summary (TRIP)**

**Supervision and mentoring details**

Click ‘New’ to start a new entry for each student and/or staff member you have supervised and/or mentored over the past 5 years.

a) Provide the full **Student(s)/Staff Name** including relevant titles.

b) Please provide actual **Years Involved** (not the number of years involved) ie 2000-2002.

c) From the drop down list, select your **Supervisory Role** (Primary Supervisor, Co-Supervisor or Mentor).

d) From the drop down list, select the **Level** of research/study undertaken by the student(s)/staff, (Honours, Masters, PhD or Postdoctoral).

e) From the drop down list, please indicate if your student(s)/staff has **Completed** their study/degree, (Yes, No or N/A). You should select N/A if you did not supervise/mentor the student/staff to their completion.

f) Briefly describe your **Student's/Staff's Current Role** (maximum 200 characters including spaces and line breaks)

g) **Additional Comments** should focus on the student/staff outcomes, ie did they receive any awards or recognition, what have they gone on to do? **Do not** repeat information already provided.

5.10. **B–CFF: Co-funded Fellowship**

Co-funded awards are offered through co-funding partnerships agreed between NHMRC and partner organisations. They offer additional opportunities to researchers whose work is particularly relevant to the concerns and research interests of the co-funding partner organisations.

Indicate if you wish to be considered for a co-funded Fellowship by selecting **Yes/No**.

**Co-funding Partner Organisation/s**

If you indicate you wish to be considered for a co-funded award, select from the drop-down list, the organisation(s) on the NHMRC’s list of co-funding partners from which co-funding is sought by clicking ‘**Browse**’ (🔗) (refer to Funding Rules, Section 7.5 Co-funded TRIP Fellowship Awards).

You may apply for more than one co-funded award if your research project is relevant to more than one co-funding partner.

For Fellows seeking co-funding from a partner organisation other than organisations on the NHMRC’s list of co-funding partners please select ‘**Other**’ from the drop-down list and use the free text box to enter the name of the organisation/s.
Note: Any co-funding monies from an organisation other than an organisation listed on the NHMRC website as an NHMRC co-funding partner for TRIP Fellowships, will not be administered by NHMRC. Such an organisation will pay the successful TRIP Fellow’s Administering Institution directly.

Relevance to Co-funding Organisation/s
Please outline the relevance of your project to the aims of the co-funding organisation/s. Please refer to the NHMRC website for specific co-funding partner requirements.

(You have a maximum of 2000 characters including spaces and line breaks to provide this information).

5.11. B-NM: Nomination of Mentors

Project Mentor
Provide details of the Project Mentor who has agreed to oversee the Translation Project.

Project Mentor Statement of Support
A statement of support from your nominated Project Mentor must be attached to all TRIP Fellowship applications. The Project Mentor must state that they have the necessary skills, experience and time to provide regular guidance, supervision and support to the Fellow on the Translation Project.

The Project Mentor Statement of Support should be uploaded as a PDF file using the following naming convention:

[APPID#]_[Applicant’s Surname]_Project Mentor_Statement of Support.pdf

5.12. B-PDP: Professional Development Plan

Applicants must demonstrate a schedule of activities/courses that will contribute to the development of their research translation skills over the two year period that will assist them in achieving the goals of their Fellowship.

Please provide details of your planned schedule of activities/courses. You will need to start a new entry for each course/activity, type of course, institute, duration of course, how will the course/activity contribute to your research translation skills and any additional comments.

Note: Applicants should refer to the TRIP Funding Rules, Subsection 8.1 Development of Research Translation Skills, which will provide details in training requirements and a list of essential elements of training which Fellows will need in order to assist them in their research translation project.

TRIP applicants are not required to complete details in the Summary tab.

6. Application Certification

IT IS THE RESPONSIBILITY OF THE APPLICANT TO ENSURE THAT THEIR APPLICATION IS COMPLETE AND CORRECT BEFORE CERTIFICATION AND SUBMISSION TO NHMRC.

Applications must be certified by both you and your RAO. The RAO will not be authorised to submit the application to NHMRC until satisfied that the application is complete and you have agreed to it (i.e. through written evidence such as an e-mail).

YOUR APPLICATION WILL BE REVIEWED AND ASSESSED AS SUBMITTED.

Once submitted to NHMRC, your application will be considered final and no changes can be accepted.
**Note:** Certification will lock down the application and prevent further editing. The final snapshot produced at this time will include relevant information from your Profile and CV. Any subsequent changes to these areas of RGMS will not appear on the application.

The RAO will need to REJECT the application in order for you to make further changes to your application.

### 7. RAO Certification

The RAO is required to complete the ‘RAO Certification’ screen of the electronic application before the application is lodged. By answering “**Yes**” to the questions, the RAO is verifying that the questions have been completed, the necessary approvals have been obtained and that the RAO holds the approval documents.
