

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1035262	Mr Philip Batterham	Australian Public Health Fellowship	New methods for screening depression, anxiety and suicidality.	Australian National University	\$294,892
APP1035690	Doctor Sarah Olesen	Australian Primary Health Care Fellowship	Primary health care and self-management for depression and anxiety.	Australian National University	\$294,892
APP1035803	Doctor Liana Leach	Australian Public Health Fellowship	What are the impacts of work and family stressors on mental health in Australia?	Australian National University	\$294,892
APP1037460	Doctor Helen Walls	Sidney Sax - Public Health Overseas Fellowship	The effect of agricultural trade policy on food consumption and health in Thailand and Australia.	Australian National University	\$357,780
APP1037633	Doctor Katrina Binger	CJ Martin - Overseas Biomedical Fellowship	The recently discovered (pro)renin receptor: examination of its role in diabetes and heart disease.	Baker IDI Heart and Diabetes Institute	\$320,628
APP1037310	Doctor Hang Ta	Peter Doherty - Australian Biomedical Fellowship	Bifunctionalised imaging agents for diagnosis and treatment of cardiovascular and inflammatory diseases.	Baker IDI Heart and Diabetes Institute	\$294,892
APP1035881	Doctor Radwa Badawy	Australian Clinical Fellowship	Cortical excitability and epilepsy.	Brain Research Institute	\$354,892
APP1037838	Doctor Alex Hewitt	Peter Doherty - Australian Biomedical Fellowship	Molecular Interrogation of Common Blinding Diseases.	Centre for Eye Research Australia Ltd	\$354,892
APP1035726**	Ms Sophie Valkenburg	CJ Martin - Overseas Biomedical Fellowship	T cell immunity to zoonotic infections.	CSIRO - Div of Livestock Industries	\$328,308
APP1037912**	Ms Sophie Valkenburg	Australia-China Exchange	T cell immunity to zoonotic infections.	CSIRO - Div of Livestock Industries	\$328,308

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1036358	Dr Ryusuke Taechi	Peter Doherty - Australian Biomedical Fellowship	New insights into diabetes, cerebrovascular integrity and dementia risk.	Curtin University	\$294,892
APP1036778	Doctor Darren Beales	Health Professional Research Training Fellowship (P/T)	Impact of comorbidities in disabling low back pain.	Curtin University	\$177,446
APP1037386	Doctor Shaouli Shahid	Aboriginal and Torres Strait Islander Health Research Fellowship	Natural Helper Intervention for Aboriginal Australians.	Curtin University	\$294,892
APP1035887	Ms Cathrine Mihalopoulos	Australian Public Health Fellowship	Cost-Effectiveness in Australian Mental Health Services: Improving the evidence and relevance to decision-makers.	Deakin University	\$294,892
APP1035100	Doctor Lisa Gold	Australian Research Training Fellowship (Part Time)	Priority-setting in child health.	Deakin University	\$147,446
APP1037798	Doctor Feng Guo	Australia-China Exchange	Which one is more toxic to neurons? α -synuclein or its metabolite.	Flinders University	\$227,106
APP1035675	Doctor Andrew Vakulin	Australian Clinical Fellowship	Novel biomarker of performance impairment in sleep apnoea.	Flinders University	\$294,892
APP1037776	Doctor Jia Liu	Australia-China Exchange	Roles of sortilin/APP/BACE complex in Alzheimer's disease.	Flinders University	\$204,906
APP1036603	Doctor David Chang	Peter Doherty - Australian Biomedical Fellowship	Novel Therapeutic Strategies for Pancreatic Cancer Using Next Generation Sequencing.	Garvan Institute of Medical Research	\$354,892
APP1037540	Doctor Guang Yang	Australia-China Exchange	Novel function of insulin in regulating mTOR signalling.	Garvan Institute of Medical Research	\$197,706
APP1037883	Doctor Qiaoping Wang	Australia-China Exchange	The host response to highly pathogenic influenza virus.	Garvan Institute of Medical Research	\$197,706

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1036625	Mr Stephen Hamlet	Peter Doherty - Australian Biomedical Fellowship	Titanium surface effects on immuno-regulation of osseointegration.	Griffith University	\$294,892
APP1037383	Doctor Susan Berney	Health Professional Research Training Fellowship (P/T)	A programme of physical and cognitive activity in intensive care	Institute for Breathing and Sleep	\$206,424
APP1037378	Doctor India Bohanna	Aboriginal and Torres Strait Islander Health Research Fellowship	Cannabis and mental health in Cape York Aboriginal communities.	James Cook University	\$294,892
APP1036835	Mr Adam Walker	CJ Martin - Overseas Biomedical Fellowship	Investigating mechanisms of dementia and motor neuron disease	La Trobe University	\$303,924
APP1037043	Doctor Rommel Mathias	CJ Martin - Overseas Biomedical Fellowship	Sirtuins and Pathogenesis of Human Cytomegalovirus.	Ludwig Institute for Cancer Research	\$332,484
APP1037722	Doctor Jonathan Richards	Peter Doherty - Australian Biomedical Fellowship	Antibodies to the invasion ligand EBA175 and protection from Plasmodium falciparum malaria.	Macfarlane Burnet Institute for Medical Research and Public Health	\$354,892
APP1037618	Mr Quincy Wong	Australian Clinical Fellowship	Cognitive factors in youth that increase vulnerability to social phobia.	Macquarie University	\$294,892
APP1037559	Doctor Costan Magnussen	Australian Public Health Fellowship	An effective cardiovascular risk stratification system for children.	Menzies Research Institute Tasmania	\$294,892
*APP1034703	Ms Robyn Marsh	Frank Fenner Aboriginal and Torres Strait Islander Health Research Fellowship	Characterisation of bacteria and viruses associated with chronic suppurative lung disease in Indigenous children.	Menzies School of Health Research	\$294,892
APP1037471	Doctor Rachael Hinton	Aboriginal and Torres Strait Islander Health Research Fellowship	Engagement not drop-out: treating Indigenous wellbeing through client-centred care.	Menzies School of Health Research	\$294,892

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1036541	Ms Di Wu	CJ Martin - Overseas Biomedical Fellowship	Revealing how interactions and mutation patterns among genes change in different human tissues by bioinformatics tools.	Monash University	\$334,884
APP1037262	Doctor Amy Robertson	CJ Martin - Overseas Biomedical Fellowship	Understanding the relationship between cellular sterols and amyloid toxicity that occurs in many neurodegenerative diseases.	Monash University	\$320,628
APP1034483	Doctor Michele Callisaya	Health Professional Research Training Fellowship (P/T)	Brain structure, gait, cognition and falls in older people.	Monash University	\$176,935
APP1035050	Doctor Carol Hodgson	Australian Clinical Fellowship	ICU management and quality of survival of ARDS.	Monash University	\$294,892
APP1035433	Doctor Flora Wong	Health Professional Research Training Fellowship (P/T)	Neuro-protection in the Preterm Brain - A New Role for Dopamine Therapy?	Monash University	\$177,446
APP1035636	Doctor Richard Berry	Peter Doherty - Australian Biomedical Fellowship	The mechanism responsible for quality control in the immune system.	Monash University	\$294,892
APP1035733	Doctor Michelle Tate	Peter Doherty - Australian Biomedical Fellowship	Innate immune defences following virus infection.	Monash University	\$294,892
APP1036124	Mrs Melita Giummarra	Australian Clinical Fellowship	Empathy and personal experience of pain when seeing others in pain.	Monash University	\$294,892
APP1036142	Doctor Ryan Hodges	Neil Hamilton Fairley - Clinical Overseas Fellowship	Mending the growth restricted fetal heart.	Monash University	\$390,372
APP1036154	Doctor Bianca Brijnath	Australian Public Health Fellowship	Medical pluralism and health-seeking among Indian-Australians and Anglo-Australians with depression.	Monash University	\$294,892
APP1036201	Ms Rebecca Segrave	Health Professional Research Training Fellowship (P/T)	Deep Brain Stimulation: Investigating a Novel Therapeutic Approach to Depression.	Monash University	\$248,424

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1037092	Doctor Mohamad Aljofan	Peter Doherty - Australian Biomedical Fellowship	New Targets for Antiviral Therapies.	Monash University	\$294,892
APP1037332	Doctor Carol Hodgson	Health Professional Research Training Fellowship (P/T)	Quality of survival in ARDS.	Monash University	\$206,424
APP1037839	Doctor Julian Elliott	Australian Clinical Fellowship	Chronic disease in people with HIV.	Monash University	\$354,892
APP1037406	Doctor Xue Feng Zhong	Australia-China Exchange	Applying peer support approach for diabetes prevention and management in Chinese community settings.	Monash University	\$197,706
APP1034977	Ms Mary Panjari	Australian Public Health Fellowship	Women's health and wellbeing after colorectal cancer.	Monash University	\$294,892
APP1035721	Doctor Mitchell Lawrence	Peter Doherty - Australian Biomedical Fellowship	Stem Cells in the Prostate Cancer Microenvironment.	Monash University	\$294,892
APP1035610	Ms Carolina Weller	NHMRC/PHCRED Australian Public Health Fellowship	Investigating healing outcomes in people with venous ulcers	Monash University	\$294,892
APP1037002	Ms Louise Corben	Australian Clinical Fellowship	A study of an upper limb and cognitive intervention in Friedreich Ataxia.	Murdoch Children's Research Institute	\$294,892
APP1037159	Doctor Emma Sciberras	Australian Public Health Fellowship	How can we improve outcomes for children with common developmental conditions?	Murdoch Children's Research Institute	\$294,892
APP1037449	Mrs Fiona Mensah	Australian Public Health Fellowship	Quantitative methods for new insights into children's health inequalities.	Murdoch Children's Research Institute	\$294,892

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1036620	Doctor Luke Knibbs	Australian Public Health Fellowship	Understanding and Preventing Airborne Infections.	Queensland University of Technology	\$294,892
APP1037267	Doctor Merrilyn Banks	Health Professional Research Training Fellowship (P/T)	Efficacy and Cost Effectiveness of Nutrition in healing Pressure Ulcers.	Royal Brisbane and Women's Hospital Foundation	\$147,446
APP1036849	Mrs Urmi Dhagat	Peter Doherty - Australian Biomedical Fellowship	Studies to understand and block growth factor activity in cancer and inflammation.	St. Vincent's Institute of Medical Research (SVI)	\$294,892
APP1035221	Doctor Anne-Marie Hill	Australian Clinical Fellowship	Preventing falls in older patients after hospital discharge by providing patient education.	The University of Notre Dame Australia	\$294,892
APP1036561	Mr Tod Fullston	Peter Doherty - Australian Biomedical Fellowship	You are what your father ate.	University of Adelaide	\$294,892
APP1037514	Doctor Daniel Thomas	CJ Martin - Overseas Biomedical Fellowship	Discovery of new targets for therapy that kills non-dividing cancer stem cells.	University of Adelaide	\$375,828
APP1037603	Doctor Aaron Sverdlov	CJ Martin - Overseas Biomedical Fellowship	Do fatty acids poison the heart's energy generation?	University of Adelaide	\$364,884
APP1037748	Doctor Han Lim	Neil Hamilton Fairley - Clinical Overseas Fellowship	Atrial Fibrillation Ablation and Stroke Outcome.	University of Adelaide	\$374,124
APP1035115	Doctor Bradley Edwards	CJ Martin - Overseas Biomedical Fellowship	Obesity and sleep apnea.	University of Melbourne	\$318,204
APP1036335	Doctor Zhongfang Wang	Australia-China Exchange	how influenza virus uses its own gene to evade host immune response.	University of Melbourne	\$197,706
APP1037219	Doctor Sarah-Jane Dawson	NHMRC/RG Menzies Overseas Biomedical Fellowship	Personalised biomarkers in breast cancer using circulating tumour DNA.	University of Melbourne	\$383,244

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1034300	Doctor Fazel Shabanpoor	CJ Martin - Overseas Biomedical Fellowship	Development of novel modified DNA-based therapy for neuromuscular diseases.	University of Melbourne	\$313,668
APP1035130	Mr Slavé Petrovski	CJ Martin - Overseas Biomedical Fellowship	Identifying genetic determinants of epilepsy, and epilepsy treatment outcome, using whole-genome sequence data.	University of Melbourne	\$305,124
APP1035298	Doctor Clare Fedele	Peter Doherty - Australian Biomedical Fellowship	Understanding human melanoma cell adaptation.	University of Melbourne	\$294,892
APP1035339	Doctor Sant-Rayn Pasricha	CJ Martin - Overseas Biomedical Fellowship	Iron-Infection Interactions: studies of the link between iron metabolism and infectious diseases of global significance.	University of Melbourne	\$383,244
APP1035341	Doctor Gavin Williams	Health Professional Research Training Fellowship (P/T)	Strength training following traumatic brain injury.	University of Melbourne	\$176,935
APP1035688	Doctor Bruce Campbell	NHMRC/National Heart Foundation Early Career Fellowship	Stroke imaging - improving patient selection for treatment.	University of Melbourne	\$354,892
APP1035810	Doctor Michelle Dowsey	Australian Clinical Fellowship	Examining psychological state in patients presenting for arthritis surgery.	University of Melbourne	\$294,892
APP1035863	Doctor Fiona Russell	Sidney Sax - Public Health Overseas Fellowship	Evaluating neonatal and child health interventions for evidence based planning and practice in low resourced countries.	University of Melbourne	\$391,932
APP1035991	Doctor Sarah Ellis	Peter Doherty - Australian Biomedical Fellowship	Understanding how proteins that regulate the orientation of a cell contribute to B-cell lymphoma.	University of Melbourne	\$294,892
APP1036174	Doctor Jeffrey Crosbie	CJ Martin - Overseas Biomedical Fellowship	Curing Cancer with the Synchrotron.	University of Melbourne	\$323,868
APP1036194	Doctor Neil Young	Peter Doherty - Australian Biomedical Fellowship	Genomics of the cancer-causing blood fluke.	University of Melbourne	\$294,892
APP1036292	Doctor Melinda Jackson	Peter Doherty - Australian Biomedical Fellowship	Memory and mood impairment associated with sleep disturbance.	University of Melbourne	\$294,892

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1036425	Mrs Sarah Bendall	Australian Research Training Fellowship (Part Time)	Simple cognitive behavioural treatment of the symptoms of trauma in first episode psychosis.	University of Melbourne	\$147,446
APP1036470	Doctor Amy Chung	CJ Martin - Overseas Biomedical Fellowship	Comparison of Antibodies from HIV-1 Human Vaccine Trials.	University of Melbourne	\$318,204
APP1037080	Doctor Robyn Brown	Peter Doherty - Australian Biomedical Fellowship	Investigation of novel therapeutic targets for the treatment of drug addiction.	University of Melbourne	\$294,892
APP1037584	Doctor Mikail Rubinov	CJ Martin - Overseas Biomedical Fellowship	Development of brain-imaging based biological markers of schizophrenia.	University of Melbourne	\$343,668
APP1034887	Doctor Hollie Pegram	CJ Martin - Overseas Biomedical Fellowship	Enhancing the anti-leukemia efficacy of umbilical cord blood transplant therapy utilizing gene modified tumor targeted cord blood T cells.	University of Melbourne	\$356,292
APP1034515	Doctor Lee Walsh	CJ Martin - Overseas Biomedical Fellowship	How is body representation generated and how is it affected by stroke?	University of New South Wales	\$392,292
APP1034912	Doctor Sian Smith	Australian Public Health Fellowship	Improving communication and informed decision making in prenatal screening and diagnostic testing among women and couples with lower education and literacy.	University of New South Wales	\$294,892
APP1035149	Doctor Sarah Larney	Sidney Sax - Public Health Overseas Fellowship	Treating heroin users released from prison.	University of New South Wales	\$303,924
APP1037074	Doctor Belinda Di Bartolo (nee Cutri)	Peter Doherty - Australian Biomedical Fellowship	Effects of rHDL on diabetes in TRAIL-deficient mice.	University of New South Wales	\$294,892
APP1037254	Ms Tzu-Ying Wu	CJ Martin - Overseas Biomedical Fellowship	The impact of Pseudomonas aeruginosa biofilm on eye infection and the development of antimicrobial contact lenses.	University of New South Wales	\$328,932
APP1036234	Doctor Rebecca St George	CJ Martin - Overseas Biomedical Fellowship	Movement and balance in health and disease.	University of New South	\$392,292

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
				Wales	
APP1037091	Doctor Angela Nickerson	Australian Clinical Fellowship	Emotion regulation in traumatized refugees.	University of New South Wales	\$294,892
APP1037579	Doctor Andrew Brodie	Australian Public Health Fellowship	i-Medic.	University of New South Wales	\$294,892
APP1037787	Miss Jill Newby	Australian Clinical Fellowship	Severe health anxiety (hypochondriasis).	University of New South Wales	\$294,892
APP1037658	Mr Gerard Kaiko	CJ Martin - Overseas Biomedical Fellowship	The role of susceptibility genes and microbiota in inflammatory diseases.	University of Newcastle	\$303,924
APP1037241	Ms Paula Wye	NHMRC/PHCRED Australian Public Health Fellowship	Increasing community mental health clinician adherence to preventive care guidelines	University of Newcastle	\$294,892
APP1035102	Doctor Linlin Ma	CJ Martin - Overseas Biomedical Fellowship	To identify and assess specific modulators of a type of sodium-conducting integral membrane proteins from Australian spider venoms.	University of Queensland	\$322,980
APP1035232	Doctor Andrew Hollands	CJ Martin - Overseas Biomedical Fellowship	Boosting the human immune response against bacterial infections.	University of Queensland	\$322,980
APP1036365	Doctor Matthew Gullo	Australian Clinical Fellowship	From the laboratory to the classroom: Using basic science to inform novel psychosocial interventions for reducing adolescent alcohol use.	University of Queensland	\$294,892
APP1036907	Doctor Andrew Moore	Health Professional Research Training Fellowship (P/T)	A study to assess the mechanisms of cell death in acute myeloid leukaemia.	University of Queensland	\$248,424

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1035907	Doctor Leila Cuttle	Peter Doherty - Australian Biomedical Fellowship	Improving the pre-hospital treatment and acute management of burned children.	University of Queensland	\$294,892
APP1035997	Doctor Paul Lee	Neil Hamilton Fairley - Clinical Overseas Fellowship	How hormones regulate human brown fat.	University of Queensland	\$390,108
APP1036231	Doctor Stephen Lambert	Australian Public Health Fellowship	Gastrointestinal viruses in the first two years of life.	University of Queensland	\$324,892
APP1036771	Doctor Linda Cobiac	Sidney Sax - Public Health Overseas Fellowship	Public health and health care cost implications of disease and injury prevention.	University of Queensland	\$308,892
APP1035093	Doctor Peter Kozulin	CJ Martin - Overseas Biomedical Fellowship	The development of neuronal axons across the lower brain in vertebrate animals.	University of Queensland	\$336,852
APP1036521	Mr David Jacques	CJ Martin - Overseas Biomedical Fellowship	Proteins involved in HIV infection and host defense.	University of Queensland	\$323,244
APP1035889	Doctor Nicole Pratt	Australian Public Health Fellowship	Understanding Medicine Safety.	University of South Australia	\$294,892
APP1035762	Doctor Yu Yu	Peter Doherty - Australian Biomedical Fellowship	Cellular response to modulation of iron levels.	University of Sydney	\$294,892
*APP1036229	Doctor Thomas Snelling	Frank Fenner Health Professional Research Training Fellowship (P/T)	Monitoring the effectiveness and safety of vaccination in Australia.	University of Sydney	\$248,424
APP1036370	Doctor ZuFu Lu	Peter Doherty - Australian Biomedical Fellowship	Smart synthetic biomaterial for bone tissue regeneration.	University of Sydney	\$324,892
APP1036728	Mrs Nicole Carnt	CJ Martin - Overseas Biomedical Fellowship	Genetic eye disease.	University of Sydney	\$422,988
APP1036756	Ms Jodie Ingles	NHMRC/National Heart Foundation Early Career Fellowship	Management of families with a genetic cause of sudden cardiac death.	University of Sydney	\$294,892
APP1036763	Mrs Alicia (Lis) Neubeck	Australian Research Training Fellowship (Part Time)	Improving health for patients with atrial fibrillation.	University of Sydney	\$147,446
APP1037028	Doctor Jesse Jansen	Australian Public Health Fellowship	Improving cardiovascular disease risk assessment and management in older adults (aged 75+) by supporting clinician and patient decision-making.	University of Sydney	\$294,892

Early Career Fellowship Applications to Commence Funding in 2012

Application ID	Applicant Name	Type	Simplified Title	Administering Institution	Amount
APP1037162	Doctor Allison Tong	Australian Public Health Fellowship	Consumer preferences in chronic kidney disease.	University of Sydney	\$294,892
APP1037283	Doctor Germaine Wong	Health Professional Research Training Fellowship (P/T)	Cancer and chronic kidney disease.	University of Sydney	\$248,424
APP1037323	Doctor Zaklina Kovacevic	Peter Doherty - Australian Biomedical Fellowship	A new treatment strategy for pancreatic cancer.	University of Sydney	\$294,892
APP1037349	Doctor Nasim Annabi	CJ Martin - Overseas Biomedical Fellowship	Composite biomaterials for cartilage repair.	University of Sydney	\$318,204
APP1037373	Mr Nichollas Scott	CJ Martin - Overseas Biomedical Fellowship	The Identification of novel diagnostics and therapeutics from bacterial viruses specific for the foodborne pathogen Campylobacter jejuni using massspectrometry.	University of Sydney	\$313,788
APP1037571	Doctor Danijela Gnjidic	Australian Clinical Fellowship	Outcomes from medicines in older Australians.	University of Sydney	\$294,892
APP1037797	Doctor Ryan Davis	Peter Doherty - Australian Biomedical Fellowship	Mitochondrial quality control in mitochondrial disease.	University of Sydney	\$294,892
APP1036656	Doctor Jane Seto	CJ Martin - Overseas Biomedical Fellowship	Transferring new genes to improve the condition and function of diseased skeletal muscle.	University of Sydney	\$315,828
APP1037275	Ms Charmaine Tam	Peter Doherty - Australian Biomedical Fellowship	Explorations of protein leverage in humans.	University of Sydney	\$294,892
APP1036951	Miss Brioni Moore	CJ Martin - Overseas Biomedical Fellowship	Evaluation of azithromycin plus piperazine as intermittent presumptive treatment in pregnant Papua New Guinean women.	University of Western Australia	\$332,892
APP1034254	Ms Hannah Moore	Australian Public Health Fellowship	Using total population data to describe the characteristics of respiratory infections in order to predict future epidemics and recommend vaccination strategies for Western Australian children.	University of Western Australia	\$294,892

Early Career Fellowship Applications to Commence Funding in 2012
