Tas	0	0		
VIC	14	5	36%	\$1,311,450
WA	2	0	0%	

New South Wales

Title Computer Program to Predict Premature Birth.
Chief Investigator Professor Roger Smith
Institution University of Newcastle
Budget \$388,000

Title A Novel Therapy To Treat Inflammatory Disease.
Chief Investigator Professor Charles Mackay
Institution Garvan Institute of Medical Research
Budget \$166,500

Queensland

Title Development of Novel Anti-cancer and Immunosuppressive Drugs.
Chief Investigator Dr Christian Engwerda
Institution Queensland Institute of Medical Research
Budget \$313,000

Title Pre-clinical Evaluation and Optimisation of a Novel Therapy for Burns.
Chief Investigator A/Professor Zee Upton
Institution Queensland University of Technology
Budget \$156,870

South Australia

Title Cytokine Diagnostics In Human Semen.
Chief Investigator A/Professor Sarah Robertson
Institution University of Adelaide
Budget \$101,000

Victoria

Title A Novel Method For Delivering Gene Therapy Locally And Confined To The Heart.
Chief Investigator Professor David Kaye
Institution Baker Heart Research Institute
Budget \$186,500

Title A Novel Antiinflammatory Therapeutic.
Chief Investigator Professor John Hamilton
Institution University of Melbourne
Budget \$334,000

Title Development Of A Simple Chemical Test For Detecting DNA-interacting Compounds for Medical and Environmental Purposes.
Chief Investigator Dr Elizabeth Webb
Institution University of Melbourne
Budget \$315,450

Title Development of an Assay to Distinguish Between Recent and Established HIV-1 Infection.
Chief Investigator Dr Kim Wilson
Institution St. Vincent's Institute of Medical Research
Budget \$192,500

Title Development of an Antibody for Treatment for Rheumatoid Arthritis.
Chief Investigator A/Professor Andrew Scott
Institution Ludwig Institute for Cancer Research
Budget \$283,000
