Dear Cheryl,

Re: - Consultation on the Disclosure of genetic information to a patient's genetic relatives under section 95AA of the Privacy Act 1988 (Cth) – Guidelines for health practitioners in the private sector.

Thank you for extending the deadline of submissions, the President of the College, Dr Christine Tippett, was grateful for the opportunity to review the document. She commented that this would be a very valuable resource for the Fellowship especially those working in Gynaecology Oncology and Maternal Fetal Medicine. She had no specific comments or suggestions.

Could we be kept informed of the documents progress so that we can draw the Royal Australian and New Zealand College of Obstetricians and Gynaecologists (RANZCOG) Fellowships attention to it when it is completed and published.

Apologies for the delay in getting back to you, I have tried to call a couple of times but you haven't been at your desk.

Regards

Ann Robertson
