

HARMONISATION OF MULTI CENTRE ETHICAL REVIEW (HoMER) PROJECT

TERMS OF REFERENCE HoMER REFERENCE GROUP

The HoMER Reference Group will:

“ provide direction and guidance to the National Health and Medical Research Council on the implementation of the Streamlining of Ethical Review of Multi-Centre Research system”

Updated October 2008

“ provide direction and guidance to the National Health and Medical Research Council on the implementation of the Harmonisation of Multi centre Ethical Review system”

The objective of the HoMER project is:

“To establish a system enabling the recognition of a single scientific and ethical review of multi centre research involving humans within and/or across Australian jurisdictions”
