

NHMRC POSTDOCTORAL FELLOWSHIPS FUNDING PARTNERS

Cerebral Palsy Foundation/NHMRC Post Doctoral Fellowship

The Cerebral Palsy Foundation (www.cpfoundation.com.au) is offering a new Fellowship in the areas of biomedical, clinical or population health, in partnership with the NHMRC. This Fellowship can be an overseas or Australian fellowship. The Foundation (www.cpfoundation.com.au) offers a range of grants to support cerebral palsy research and more information can be gained about the Foundation's research priorities on their website. The successful applicants will have a commitment to, and a track record in, research on cerebral palsy. In the case of a part-time Health Professional award, the clinical or Health Professional practice component must be related to, or relevant to, cerebral palsy or related conditions. The CP Foundation may call upon fellows to provide assistance with publicity, education and other events. It also requires acknowledgment of its support for the research in any publications or media publicity, and requires a copy of any published articles arising from the supported research. Successful candidates may also have the opportunity to acquire research leadership experience through voluntary involvement in the CP Foundation.

MSRA/NHMRC Betty Cuthbert Fellowship

Multiple Sclerosis Research Australia (MSRA) (www.msra.org.au) is offering a Fellowship in the areas of biomedical, clinical or population health, in partnership with the NHMRC. The successful applicant will have a commitment to, and a track record in, research on multiple sclerosis or related disorders. *In the case of a part-time Health Professional award, the clinical or Health Professional practice component must be related to, or relevant to, multiple sclerosis or related disorders.*

MSRA may call upon fellows to provide assistance with publicity and other events. It also requires acknowledgment of its support for the research in any publications or media publicity, and requires a copy of any published articles arising from the supported research.

National Heart Foundation of Australia/NHMRC Fellowship

The National Heart Foundation of Australia (www.heartfoundation.com.au) is offering Fellowships in the areas of biomedical, clinical or population health, in partnership with the NHMRC, including overseas/Australian fellowships. The successful applicants will have a commitment to, and a track record in, research on cardiovascular disease or related disorders. *In the case of a part-time Health Professional award, the clinical or Health Professional practice component must be related to, or relevant to, cardiovascular disease or related disorders.*

The National Heart Foundation of Australia requires that individuals, research groups or research institutions associated with this award shall not accept any research grant funds, consultancies or sponsorship from the tobacco industry or person connected with the tobacco industry. The Heart Foundation may call upon fellows to provide assistance with publicity and other events. It also requires acknowledgment of its support for the research in any publications or media publicity, and requires a copy of any published articles arising from the supported research.

R.G. Menzies Fellowship

The Sir Robert Menzies Memorial Foundation Limited is a non-profit, non-political organisation created to promote excellence in health research, education and post graduate scholarship by Australians.

Applicants for the Biomedical Overseas, Public Health Overseas or Clinical Overseas Fellowships are eligible to be considered for the one NHMRC/R.G. Menzies Fellowship awarded each year.

The Fellowship is offered under identical conditions as the other three Fellowships except that the Menzies Foundation provides additional support for the successful fellow. The Foundation is seeking applicants with leadership ability, capacity to contribute to the life of a university or research institution and interests in the service of others.

More information on the R.G. Menzies Foundation may be found at:
