

2022 Partnership Projects Peer Review Cycle 1 for funding commencing in 2022

The Partnership Projects funding scheme supports connections within the Australian context that translate research evidence into health policy and health practice, to improve health services and processes.

The scheme aims to support the work of healthcare policy and service delivery implementation agencies by supporting the translation of research outcomes into policy and practice and the evaluation of current policy and practice to identify gaps in knowledge.

The applications below have been approved for funding by the Minister for Health and Aged Care, the Hon Mark Butler MP.

A list of funding partner organisations supporting these grants is available for download under [‘Outcomes of funding rounds’](#).
