

2025 Partnership Projects Peer Review Cycle 2 approved for funding commencing in 2026

About the scheme

The Partnership Project funding scheme supports connections within the Australian context that translate research evidence into health policy and health practice, to improve health services and processes. The scheme aims to support the work of healthcare policy and service delivery implementation agencies by supporting the translation of research outcomes into policy and practice and the evaluation of current policy and practice to identify gaps in knowledge.

Table 1. The applications in this table have been approved for funding.¹

App ID	Chief Investigator name(s)	Application title	Administering Institution	Partner organisations	Budget \$
