## Partnership Projects 2015 Second Call for funding commencing in 2015

The information presented on this page is provided to the research community as advice about the outcomes of the competitive grant review process for this scheme.

The 14 applications listed below have been approved for funding by the Minister for Health, the Hon Sussan Ley MP.

The NHMRC Partnerships for Better Health - Partnership Projects (Partnership Projects) initiative is designed to support translation of research by encouraging a more effective integration of research evidence into health policy and service delivery. It provides funding for researchers and partner agencies to work together, define questions, undertake research, interpret the findings and to translate the findings into health policy and health practice. The policy and/or practice partner provides support for the research as cash and/or in-kind support.
